ADVISORY AND STAKEHOLDER COMMENTS

Ms. Maggie Kennedy, Chair of the Baltimore County Education Coalition, encouraged the Board to provide the county executive with an operating budget that would effectively and efficiently run the school system. She stated student achievement must remain a top priority.

Ms. Gloria Collins, President of Baltimore Association for Clerical Employees (BACE), wished the Board a happy holiday and a safe New Year.

Mr. Michael Moore and Ms. Jasmine Shriver, representatives of the Minority Achievement Advisory Group, asked the Board to put forth a budget that would take into account the educational needs of all students in Baltimore County.

Ms. Cheryl Bost, President of the Teachers Association of Baltimore County, stated the need to work collaboratively to make improvements regarding the staffing of schools, current climate of some schools, and the divisive transfer practices used in the past. Ms. Bost expressed concern over the proposed changes to Policy 5550, Category III “Offenses” specifically, arson, physical attack on a staff member, sexual assault, possession or use of a fire arm, and possession or use of a real weapon. These are serious offenses and a strong message must be sent to students in BCPS. Ms. Bost stated students must be held to a high standard academically and behaviorally.

REPORTS

The Board received the following reports:

A. **FY2004 Comprehensive Annual Financial Report and Single Audit Report** – Mr. Grzymski presented the fiscal year 2004 financial and single audit report, and the management letter to the Board. He noted that the auditing firm of KPMG reviewed all the reports and findings in detail with the Budget and Audit Committee members and staff. Mr. Grzymski recognized the efforts of the Department of Fiscal Services and the internal auditors for their work throughout the year.

Although the Single Audit report contained findings, Mr. Grzymski stated that staff has already developed and/or implemented corrective action to address the findings. The staff will continue to provide updates at future Budget and Audit Committee meetings to report progress made in addressing the findings and a full report would be presented to the Board towards the end of this school year.

B. **Report on Proposed FY2006-2011 State and County Capital Budget Request** – Ms. Barbara Burnopp, Executive Director of Fiscal Services, presented for the first reading the proposed county capital budget request. Ms. Burnopp noted that the State allocated an additional $2.4 million for Windsor Mill Middle School. She stated that the county requires BCPS to submit a list of items in January 2005 for the fiscal years 2006 through 2011.

Mr. Janssen asked the Superintendent and staff to pursue the acquisition of land for the northeast area of the county. Ms. Burnopp responded the budget request includes $3 million for site acquisition but not a specific location.

Mr. Hayden recommended that the Board adopt a resolution encouraging legislators to increase capital construction project funding to a minimum of $250 million.

Mr. Grzymski stated that Kenwood High School’s name needs to be corrected in the budget request.

Mr. Kennedy inquired about the site acquisition noted in the budget request.
C. **Report on School Staffing** – Dr. Donald Peccia, Executive Director of Human Resources, provided to the Board an executive summary on the 2004-2005 school staffing. Dr. Peccia noted that the adopted staffing plan addressed performance goals and indicators as listed in the *Blueprint for Progress* and the Master Plan. Some of the highlights presented were:

- 394 teacher transfer requests were granted. Seven transfers were denied because highly qualified replacements were not available.
- 974 teachers hired by September 7, 2004. Of the 974 hired, 193 were conditional representing a reduction in conditional hires from 284 in 2003-2004
- 6.7 instruction classroom vacancies as of September 7, 2004
- Minority hiring increased to 19.6%
- 104 total teachers in Title I schools with conditional certifications
- Some middle and high schools continue to have a high percentage of conditional teachers
- Incentives for hiring of highly qualified teachers for Title I and Priority schools
- Recruitment strategies to hire and retain highly qualified teachers

Lastly, Dr. Peccia presented a partial segment of the recruitment CD to Board members.

Mr. Borunda asked what percentages of applicants in the pool were from Maryland. Dr. Alpheus Arrington, Director of Human Resources, responded approximately 60% to 70%. Of the 19.6% of minority teachers, Mr. Borunda asked how many were highly qualified. Dr. Arrington responded approximately 80%. Mr. Borunda inquired about teacher tuition cost to becoming highly qualified. Dr. Peccia stated the cost for Title I teachers is $125,000, which would be funded.

Mr. Janssen inquired about teachers not meeting the criteria in the required allotted time. Dr. Arrington stated letters have been sent to all conditional teachers informing them of the *No Child Left Behind* requirements and what requirements are needed for compliance. He noted that all core teachers in Title I and non-Title I schools must be highly qualified by the end of the 2005-2006 school year.

Dr. Hayman inquired about current vacancies. Dr. Arrington responded there are 15 vacancies throughout the school system; some in priority schools and non-priority schools as well as in core subject areas of math, science, and special education.
REPORTS (cont)

Dr. Hayman asked what constitutes a Priority I school. Dr. Arrington responded Priority I schools are based on prior achievement results. Title I schools are designated based on MSDE requirements whether the school met Adequate Yearly Progress (AYP).

With regards to staffing Title I and priority schools, Dr. Arrington stated the staffing plan for 2004-2005 was to staff all Title I and priority schools first. Dr. Arrington noted that after June 1, 2004, all schools would be staffed based on individual school needs. Dr. Peccia stated that highly qualified candidates would primarily be assigned to priority schools. Dr. Hayman continued to express his concern over staffing Title I and priority schools.

Dr. Hayman was disturbed that minority hiring increased only 1.2% over the last five years. He also expressed dismay with the number of minority applications and the universities selected for recruitment. Dr. Hayman also noted that the number of conditional teachers at the middle and high school levels reflects on student achievement and low-performing schools.

Ms. Johnson inquired whether there is a limitation placed on the hiring of conditional teachers. Dr. Peccia responded BCPS does not hire non-highly qualified teachers for schools that already have a large number of conditional teachers. Ms. Johnson asked about the circumstances that led to the condition at Southwest Academy. Dr. Arrington responded there were 21 vacancies with 9 of the 21 hired being conditional teachers. Dr. Arrington noted the high vacancies at Southwest Academy and the systemic problems at Southwest Academy.

Dr. Arrington re-iterated that No Child Left Behind requires all core teachers in all schools to be highly qualified by the end of the 2005-2006 school year.
