ELEVATED LEAD WATER SAMPLE RESULT(S)
All Maryland public and nonpublic schools are required to sample all drinking water sources for the presence of lead pursuant to the Code of Maryland Regulations. On March 2, 2019, 42 water samples were collected from Summit Park Elementary School. Of these water samples, seven (7) had levels of lead exceeding the action level of 20 parts per billion (ppb) for lead in drinking water in school buildings. The elevated lead results from the sample(s) collected at Summit Park Elementary School were as follows:

33.1 parts per billion (ppb) Tap, Room 3, Handsink
87.0 parts per billion (ppb) Tap, Room 4, Handsink
28.3 parts per billion (ppb) Tap, Room 6, Handsink
553 parts per billion (ppb) Tap, Room 7, Handsink
181 parts per billion (ppb) Bubbler, Room 16
26.9 parts per billion (ppb) Bubbler, Room 17
28.8 parts per billion (ppb) Bubbler, Room 18

ACTION LEVEL (AL)
The AL is 20 ppb for lead in drinking water in school buildings. The AL is the concentration of lead which, if exceeded, triggers required remediation.

FOLLOW-UP RESULTS
On October 19, 2019, samples were re-tested from the locations listed above. Samples are now below the AL of 20 ppb for the following fixtures:

Tap, Room 4, Handsink
Tap, Room 6, Handsink
Tap, Room 7, Handsink
Bubbler, Room 16
Bubbler, Room 17
Bubbler, Room 18

ACTIONS TAKEN WITH DATES
These fixtures were replaced prior to resampling. They were returned to normal service on January 14, 2020 after sampling results were received. The following fixtures will be remediated.

Tap, Room 3, Handsink

ADDITIONAL INFORMATION
1. For additional information, please contact David Glassman, Supervisor, Environmental Services at 443.809.6310 or dglassman2@bcps.org.
2. For additional information about reducing lead exposure around your home/building and the health effects of lead, visit EPA’s website at www.epa.gov/lead.
3. If you are concerned about exposure, contact your healthcare provider. If you do not have a healthcare provider, please contact the Baltimore County Department of Health at 410.887.3725.
