

**To find the meaning of a word:**

1. Click in the word to look up.
2. Click the **Definition** button on the toolbar.

Definition

*or*

Open the **Reference** menu, point to **Selected Word**, and then click **Definition**.

The Definition window appears on top of the current document. You can hear Kurzweil 3000 read the definition out loud by clicking the **Read** button in the toolbar, or by choosing **Start Reading** from the **Read** menu.

You can select any word in the **Definition** window and find its definition, syllables, or synonyms.

**Notes:**

If you have chosen an English-to-European language dictionary (for example, English-to-Spanish), the definition is read in the European language.

**Other ways to find the meaning of the current word:**

Press **CTRL+D** on the keyboard.

On the right mouse button menu, choose **Look Up Word**
