

# Make a Fishing Rod

## Magnet Rod

1. Get a dowel or a wooden spoon
2. Tie a string (no longer than 12 inches) to spoon and to magnet.
3. Attach a paper clip to each fish and toss them into a wading pool or empty large clear pretzel container (fishbowl).
4. You can use this game over and over by changing the skill on the fish (words to read, math facts, numbers, colors, shapes, etc.)

## Rod with a Hook

1. Get a dowel or a wooden spoon.
2. Tie a string (no longer than 12 inches) to spoon and to plastic hook.
3. Attach a plastic shower curtain hook to each fish with hot glue.
4. Place the skill on the bottom of the fish for a surprise.
