

What is the Citizens Advisory Committee For Gifted and Talented Education?

The CAC is a parent and community advocacy and support group for Gifted and Talented Education, K-12, in Baltimore County Public Schools.

The CAC:

- Provides parents with additional resources that can improve their ability to partner in their children's education.
- Acquires and disseminates knowledge regarding best practices in the field of gifted and talented education.
- Serves as a forum for concerns relating to the BCPS Gifted and Talented Education Program.
- Serves to inform the Superintendent and staff concerning the needs of students requiring gifted education services and the degree to which these needs are being met in the school system.

Let Us Show You How To:

1. Establish and maintain positive and productive relationships with your child's teacher.
2. Identify and address the emotional, social, and intellectual needs of the gifted child.
3. Nurture the various talents of the gifted student.
4. Utilize the supportive relationships that you will establish with other parents.

For a current calendar of CAC events go to

Activities Include:

1. Workshops on GT related topics.
2. Periodic meetings to exchange BCPS developments and parent observations.
3. Information meetings at individual schools.
4. Annual meetings with the Superintendent and routine program updates with GT Education Staff.

What Members Like About the CAC:

“I never knew that there were so many differences for a GT child (social, emotional, behavioral)! Learning from the experiences of other parents and from professional resources has been extremely helpful for me to help my child.”

“Every parent of a GT child should join this group. There is access to so much great information that you don't find in general parenting resources.”

“I've learned so much about myself and my children and have had lots of fun doing so, thanks to my participating in the CAC.”

The GT CAC invites you to join us! For more information, and to join our email list, contact:
