Online Course Needs: Strategies and Results	
Planned and Actual Strategies for Conducting Course Needs Surveys, Current Year:	The feedback for the 4 AP courses identified earlier as well as the pilot of the online algebra hybrid will be provided during the monthly meetings of high school principals, supervisors, and guidance counselors. An additional need area of SAT Prep and Algebra II was identified in January.
Strategies for Conducting Course Needs Surveys, Past Years:	n/a
Courses Currently Needed But Not Currently Offered:	Has not been determined yet- but the HSA courses, SAT Prep, and AP offerings have been identified as needs. The major obstacle for why they haven't been offered is cost and a lack of awareness that these offerings are available. In addition, we are looking at reviewing Algebra II- and possibly working with Anne Arundel County to review these courses for MVLO. The review team is scheduled to meet in June, 2005.
