

High School Programs

Business Management and Finance

Business Management and Finance prepares students for college or entry-level positions in business. Students use word processing, spreadsheet, and presentation software while learning the principles of business management and administration, financial management, accounting, and entrepreneurship. Students have the opportunity to be involved in an internship or work-based learning experience. Students gain intensive training in advanced computer skills including web page design, word processing, database, spreadsheet, and presentation applications, as well as, effective Internet use. Additional topics include projecting a professional image, developing teamwork skills, gaining time and project management techniques, demonstrating written and oral communication skills, solving problems, and making decisions. Recommended electives include Principles of Accounting, Entrepreneurship, and Business Law. Students may also participate in Future Business Leaders of America (FBLA) and compete in a variety of business-related events at regional, state, and national competitions. Course offerings, internship opportunities, and certification may vary at program locations.

NOTE: Students who qualify for Career & Technology Education magnet programs offered in schools in their geographic area are given priority in placement over students who reside in other areas of the county that offer similar programs.

Students who qualify for Career & Technology Education magnet programs not offered in schools in their geographic area are given the same consideration as other applicants.

-available at Eastern Technical High School (ETHS), G. W. Carver Center for Arts & Technology (CCAT), Milford Mill Academy (MMA), and Western School of Technology and Environmental Science (WSTES)
