

Middle School Programs

Law & Finance

The Law & Finance program includes economic literacy and the legal system. It is specifically designed to allow students to explore a wide array of topics and to participate in problem-based learning activities that extend their understanding of legal issues, finance, and business technology in the 21st century. Students will have the opportunity to take the Juvenile Justice high school exam for ½ high school credit. The Law and Finance program prepares students for success in high school magnet offerings in finance, law, and related career and technical programs.
