

VI. PAYROLL DEDUCTIONS 2009-2010

For 10- and 12-month employees, most voluntary or constant deductions (e.g., medical, dental) are taken 20 times per school or fiscal year. Other voluntary deductions (e.g., 403b, 457, Flex Spending Account) are taken on a calendar year basis, from January to December. Tax-sheltered annuity/mutual fund (403b/b7 and 457) deductions are taken 20 times per calendar year for 10-month employees, and 24 times per calendar year for 12-month employees. Deductions for 12-month employees are indicated in parentheses, and the number under each heading indicates the number deduction for the year (e.g., 2 is the second deduction of the fiscal or calendar year).
