

Do the Investigation  
Tutorial Handout

Name: \_\_\_\_\_

1. **Slide 6:** Fill in this table.

Type of Rod	Is Gas Present?

2. **Slide 8:** Collect data for your investigation (experiment). Depending on the type of investigation, you might write observations, create scientific drawings to document your observations and/or record data in a table.

## STEM Fair Do Investigation (Experiment)

Teacher: \_\_\_\_\_

Student: \_\_\_\_\_

	Self	Adult
1. I followed my procedures.		
2. I was careful to keep my control variables the same throughout.		
3. I carefully measured and wrote down my data.		
4. I wrote down what I observed and/or took photographs.		
5. If I had any problems, I improved my procedures to fix them.
