2. Station Set-up (5 stations)

- Arrive early - 45 minutes before busses arrive
- Chaperones will come with bus and will travel from station to station with students.
- Bring materials needed for station - see list in script

3. Teach Station

- Read script for background information and questions to ask students - use Socratic method.
- Talking points for each station are provided to help with your questions - given out today - permanent one at the station.
- You are not expected to know everything - encourage students to use library and web for answers.

4. Station Materials

- Stress care of equipment to student --\$\$\$\$
- Carefully explain and demonstrate how to use each piece of equipment.
- Ask chaperones to help.
- Count equipment before and after station use. Complete *Equipment Check List* and return to Pat at end of day.

5. Time Keeping

- Send group to next station on time (drum will sound) and in the correct direction.
- Each session is about 30 minutes long (depends upon bus arrival and departure). **PLEASE WEAR A WATCH.**
- If pushed for time, make sure students get the hands on experiences and environmental connections.

6. Helping Chaperones

- Give directions to bathrooms.
- Make sure students are chaperoned when bathrooms are in use.
- Ask chaperones to help with the disciplining of students. - if students are not cooperating modify program as needed.
- Remind chaperones to straighten lunch area after use.

7. Communication

- Lead parent will communicate with teachers and trained parents.
- Call your school if you have questions about the weather (if school or Hereford Zone are late or closed, trip is cancelled).
