

A NEW SERVICE FOR STUDENTS . . .

The School-Based Wellness Center Program at your child's school provides expanded school health services, including preventive health care services, as well as the care and treatment of acute and chronic illnesses. The Baltimore County Department of Health and Baltimore County Public Schools work together to support and staff the School-Based Wellness Center. All students are eligible to enroll in the Center with parental consent. Contact your school nurse for more information.

GOALS OF THE PROGRAM . . .

- To improve access to preventive and primary care in schools with particular emphasis on reaching medically underserved children and adolescents.
- To promote positive health behaviors and to encourage primary prevention and wellness.
- To increase health knowledge and to enhance positive decision making skills.
- To provide social, mental health, and substance abuse prevention services.
- To support educational goals.

EXAMPLES OF SERVICES PROVIDED . . .

- Physical examinations/sports physicals
- Developmental/health assessments
- Evaluation and treatment of acute illness and injury
- Referral for specialty care
- Management of chronic illness
- Mental health and substance abuse counseling

THE WELLNESS CENTER STAFF TYPICALLY INCLUDES . . .
