

BALTIMORE COUNTY PUBLIC SCHOOLS

Joe A. Hairston, Superintendent

6901 Charles Street Towson, MD 21204-3711

August 12, 2011

Dear Parent/Guardian:

For the 2011-2012 school year, your child is scheduled to attend Middlesex Elementary School, a Title I school that has been identified as a Developing Comprehensive Needs school as identified by Differentiated Accountability. This determination is based on Maryland State Assessment (MSA) data by the Maryland State Department of Education. Because of this identification, Middlesex Elementary School must offer *Public School Choice: Title I Transfer Option*. In an effort to assist you in making an informed decision regarding this option, the following questions and answers are provided:

Why has Middlesex Elementary School been identified as a Developing Comprehensive Needs school?

Under the *No Child Left Behind Act of 2001 (NCLB)*, schools must meet specific achievement targets in attendance, reading, and math. These annual improvement targets demonstrate if a school has made "Adequate Yearly Progress" (AYP). MSA data indicate that Middlesex Elementary School did not make AYP for three or more consecutive years in the same subject area.

What is *Public School Choice: Title I Transfer Option*?

Public School Choice: Title I Transfer Option allows families of students registered to attend Middlesex Elementary School (Grades PreK-5) for 2011-2012 to transfer to a Baltimore County public school determined as eligible to receive students.

Which schools are eligible to receive students who access *Public School Choice: Title I Transfer Option*?

The receiving schools for the 2011-2012 school year are Chase Elementary School and Mars Estates Elementary School. Annually, the system reviews its resources to make a determination as to which schools will be eligible to receive students. The receiving schools were chosen based on variables such as academic performance, bus ride time, and capacity.

Will your child have to transfer schools?

No. The decision to transfer or to remain at the home school is entirely up to each parent/guardian. Parents/guardians should base their decision on what they think is best for their child. Many factors should be considered, including the school academic program, availability of extended-day activities, availability of extracurricular activities, etc.

How does Middlesex Elementary School compare to the receiving schools?

MSA data indicate that Middlesex Elementary School did not meet AYP in the areas of reading and mathematics on the Maryland State Assessments (MSA). The chart below compares the percentage of students who scored advanced, proficient, and basic on the 2011 MSA for Middlesex Elementary School, the receiving schools, the Baltimore County Public Schools system, and state.
