

STUDENTS: Graduation Requirements

Graduation

The Board of Education is committed to ensuring that the graduates of Baltimore County Public Schools will have the knowledge, skills, and attitudes to reach their potential as responsible, productive citizens. The Board recognizes that fulfilling this commitment requires high academic standards; rigorous, relevant curricula; effective, engaging instruction; and flexibility in programming and support to meet the diverse needs, aptitudes, and interests of all students. The mission of a high school in Baltimore County Public Schools is to build upon the students' prior educational experience and to help students grow academically, ethically, and socially. Within the high school program, students will have access to a wide variety of course offerings and learning experiences that will instill in them the confidence and competence to succeed and provide them with pathways to reach their maximum potential as life-long learners and productive citizens in a global marketplace.
