

Alcoholic Beverages and Drugs

There is abundant evidence that the use of illegal drugs and intoxicants is disruptive to one's life and the lives of others. The Board of Education believes that the schools should deal with this problem through education and counseling as well as through disciplinary action. The Department of Student Support Services is directed to continue its efforts to make students aware of the physical effects and the legal consequences of the use of illegal drugs and intoxicants. This may be accomplished through the curriculum and through individual counseling of students by teachers and student support services personnel.

The possession, use, and distribution of alcoholic beverages, illegal drugs, or other intoxicants on school premises creates a reasonable likelihood of disruption to or interference with the academic process and constitutes a substantial danger to persons and property. The possession, use, distribution, or conspiracy to distribute alcoholic beverages or illegal drugs in any quantity is prohibited on property owned by the Board of Education, on school buses, or at off-site school-sponsored activities. Any student who violates the provisions of this policy shall be assigned to an alternative program or expelled from the regular day-school program in accordance with the procedures outlined in the policy and rule, "Suspension or Expulsion," in this series.

The possession, use, or distribution of controlled paraphernalia as outlined in Title 5 of the Criminal Law Article of the *Annotated Code of Maryland* is prohibited on property owned by the Board of Education, on school buses, or at off-site school-sponsored activities.

The distribution, attempt to distribute, or possession with intent to distribute a non-controlled substance upon the representation that the substance is a controlled dangerous substance as outlined in Title 5 of the Criminal Law Article of the *Annotated Code of Maryland* is prohibited on property owned by the Board of Education, on school buses, or at off-site school-sponsored activities. A non-controlled substance means any substance not classified as a controlled dangerous substance by State law or regulation.
