Request for Fee Acceptance – Construction Administration Services for Systemic Renovations at Parkville Middle School.

**Request for Fee Acceptance
Construction Administration Services for Systemic Renovations
at Parkville Middle School
March 11, 2003**

On February 12, 2002, the Board of Education approved Burdette, Koehler, Murphy and Associates to provide consultant services for the systemic renovations planned for Parkville Middle School. At this time, the Department of Physical Facilities requests approval to utilize the services of this consultant to provide construction administration services in conjunction with the project. These services will include attending preconstruction and progress meetings, reviewing and approving submittals including shop drawings and schedules, reviewing requests for information, issuing proposal requests, reviewing and recommending change orders, reviewing and approving contractor's requests for payment, reviewing contractor's close-out documentation, and providing final completion documentation including as-built drawings.

The Department of Physical Facilities has negotiated a not-to-exceed fee of \$100,000.00 with Burdette, Koehler, Murphy and Associates to provide construction administration services at Parkville Middle School. At this time, the Board's approval of this negotiated fee is requested. Funding for these services is available in Capital Budget Project #665 – Major Maintenance.
