

**Mohammed Choudhury**  
State Superintendent of Schools

July 31, 2023

Dr. Myriam Yarbrough  
Superintendent  
Baltimore County Public Schools

Dear Dr. Yarbrough:

Thank you for your submission of the Baltimore County Public Schools Virtual Day Instruction Plan. I am writing to inform you that your plan has been approved for the 2023-2024 school year. Through the approval of your plan which is aligned to the required elements and attestations, you have the ability to utilize up to eight virtual instructional days in a manner described in your approved plan. I understand that your plan was presented and discussed at your July 11, 2023, Baltimore County Board of Education meeting with an opportunity for parents to publicly comment or submit comments. A survey was available in English and Spanish from May 26, 2023, to June 4, 2023 (11,371 responses were received). Please send the link to your plan when it is posted on your website to Mary Gable, Assistant State Superintendent, at [mary.gable@maryland.gov](mailto:mary.gable@maryland.gov).

I look forward to hearing about the benefits of implementing this process with Baltimore County Public Schools.

Best regards,

Mohammed Choudhury  
State Superintendent of Schools
