

ADDITION AND SUBTRACTION TRIANGLE FLASHCARDS

Use the attached triangular flashcards to practice both addition and subtraction facts.

EXAMPLE:

To practice addition, place your thumb over the underlined number on the triangle and hold the card for your child to see. Your child should tell you the sum (answer) of the remaining numbers at the base of the triangle. In our example, you would cover the 13. Your child would say, “Six plus seven equals thirteen” or “seven plus six equals thirteen.”

To practice subtraction, place your thumb over one of the numbers at the base of the triangle and hold the card for your child to see. Let your child tell you a subtraction fact using the remaining two numbers. Then have your child give you the difference (answer). In our example, you could cover the 6. Your child would say, “Thirteen minus seven equals six.”

ADDITION AND SUBTRACTION
TRIANGLE FLASHCARDS

The image displays a grid of 12 triangle flashcards arranged in two columns and six rows. Each flashcard is a triangle with a double-line border. The top vertex contains a number, the bottom vertex contains a zero, and the left and right sides contain a plus (+) or minus (-) sign. The numbers in the top vertex are 1, 2, 3, 4, 5, 6, 7, 8, and 9, with 0 appearing at the bottom vertex of each triangle. The signs alternate between the two columns: the left column has signs (+, -, +, -, +, -) and the right column has signs (-, +, -, +, -, +).

Top Number	Sign	Bottom Number
1	+	0
2	-	0
3	+	0
4	-	0
5	+	0
6	-	0
7	+	0
8	-	0
9	+	0

Zeros Cards

The image displays a grid of 16 triangle flashcards arranged in two columns and eight rows. Each flashcard is a triangle with a horizontal base at the top and a vertex at the bottom. The top vertex contains a number, the bottom vertex contains a number, and the center of the triangle contains a plus (+) or minus (-) sign. The numbers and signs are as follows:

Row	Top Number	Sign	Bottom Number
1	1	+	1
2	2	-	1
3	3	+	1
4	4	-	1
5	5	+	1
6	6	-	1
7	7	+	1
8	8	-	1
9	9	+	1
10	10	-	1
11	1	+	1
12	2	-	1
13	3	+	1
14	4	-	1
15	5	+	1
16	6	-	1

Ones Cards

2 +/− 1 = 3

2 +/− 2 = 4

2 +/− 8 = 10

2 +/− 2 = 4

2 +/− 0 = 2

3 −/+ 2 = 5

9 −/+ 2 = 7

2 −/+ 2 = 4

7 −/+ 5 = 12

6 −/+ 2 = 4

Twos Cards

The image displays 12 triangle flashcards arranged in two columns of six. Each card is a large triangle divided into four smaller triangles. The top triangle contains a number, the middle triangle contains a plus (+) or minus (-) sign, and the two bottom triangles contain numbers. The cards are as follows:

Card	Top Triangle	Middle Triangle	Bottom Left Triangle	Bottom Right Triangle
1	3	+	1	3
2	4	-	3	3
3	5	+	2	6
4	6	-	3	3
5	7	+	7	3
6	8	-	3	5
7	9	+	3	9
8	10	-	3	3
9	11	+	3	6
10	12	-	5	3
11	3	+	0	3
12	4	-	1	3

Threes Cards

 ADDITION AND SUBTRACTION
 TRIANGLE FLASHCARDS

TRIANGLE FLASHCARDS

The flashcards are arranged in two columns of six. Each card is a triangle with a number in one corner, an operation symbol in the center, and another number in the opposite corner. The cards are as follows:

- Top-left: 4 (left), +/- (center), 5 (right)
- Second-left: 1 (left), +/- (center), 8 (right)
- Third-left: 4 (left), +/- (center), 12 (right)
- Fourth-left: 8 (left), +/- (center), 11 (right)
- Fifth-left: 4 (left), +/- (center), 4 (right)
- Bottom-left: 0 (left), +/- (center), 4 (right)
- Top-right: 3 (right), +/- (center), 7 (left)
- Second-right: 4 (right), +/- (center), 9 (left)
- Third-right: 6 (right), +/- (center), 10 (left)
- Fourth-right: 4 (right), +/- (center), 6 (left)
- Fifth-right: 9 (right), +/- (center), 13 (left)
- Bottom-right: 4 (right), +/- (center), 13 (left)

Fours Cards

The image displays a grid of 12 triangle flashcards arranged in two columns and six rows. Each flashcard consists of a large triangle with a smaller triangle inside it. The number in the inner triangle is the result of an addition or subtraction problem. The +/- sign in the center indicates the operation. The numbers in the outer triangles represent the addends or minuend and subtrahend.

Flashcard	Operation	Result	Number 1	Number 2
1	+	9	5	4
2	-	8	5	3
3	+	9	5	4
4	-	7	5	2
5	+	13	8	5
6	-	11	5	6
7	+	12	5	7
8	-	10	5	5
9	+	5	0	5
10	-	14	5	9
11	+	9	5	4
12	-	7	5	2
