Baltimore County Public Schools
Traditional Summer Programs
*All programs will run in a virtual format in summer 2020.

Extended Learning Opportunities – ELO
Point of Contact: Michele Stansbury, mstansbury@bcps.org

The ELO STEM Camp runs remotely July 6–July 31, 2020. The Title I STEM Camp will reinforce students' mathematics and reading skills for students currently in Grades 1–5 during the summer. The STEM program is designed to prevent the summer learning slide and engage students in programs that allow for the application of skills using hands on STEM activities and two to one student to teacher tutoring sessions.

English for Speakers of Other Languages – ESOL
Point of Contact: Erin Sullivan, esullivan2@bcps.org

The ESOL Summer Program runs remotely July 6–July 31, 2020. The summer 2020 high school ESOL program is designed for rising Grade 9–12 English Learners with a WIDA score of 1-2. Students will receive English Language Development instruction in addition to the opportunity to earn original credit for Health or EPI. Students also have an opportunity to participate in activities that support socio-emotional learning. The 2020 middle school ESOL program supports rising Grade 6–8 English Learners with a WIDA score of 1-2. Students will spend two hours a day focused on English Language Development in addition to arts integration. The 2020 elementary school ESOL program supports rising Grade 4–6 English Learners with a WIDA score of 1-2. Students will receive two and a half hours of reading, math, and vocabulary instruction.

Extended School Year – ESY
Point of Contact: Dan Martz, dmartz@bcps.org

The ESY program runs remotely July 6–July 31, 2020. Identified students with disabilities receive ESY services as determined by the IEP (Individualized Education Program) team. ESY focuses on the maintenance of critical skills as well as academic and functional goals/objectives identified on the IEP. Special education teachers and related service providers provide specialized instruction and services during ESY.

Extended Year Learning Program – EYLP
Point of Contact: Tina Nelson, inelson@bcps.org

The EYLP runs remotely July 6–July 31, 2020. BCPS high school students access self-paced blended courses in their high school EYLP program to earn original high school credits for graduation, recover high school credits for graduation and expand their range of courses and opportunities. BCPS middle school students are recommended for reading and mathematics skill and knowledge development in this summer’s Extended Year Learning Program (EYLP) based on reading and mathematics proficiency.
