Dundalk High School
Commencement Exercises

CLASS OF 2020

June 18, 2020
2:00 PM
Dear Team BCPS Class of 2020,

Congratulations! This is your day.

Your journey to graduation has spanned the majority of this century. As the world has evolved, you have taken on challenges, grown as a friend and teammate, and become an expert on the important subject of yourself. You have developed as a leader inside and outside of the classroom. I’m so glad that I had the pleasure of meeting many of you.

Proudly by your side from your first day of school to this very moment, you have been surrounded by the love and support of family members, teachers, and school leaders. I appreciate their dedication to your growth. Be sure to thank those who helped you along the way.

You deserve to cherish this culmination of your many years of hard work. When your name is called, please know how proud you have made all of us—your loved ones, your school family, and Team BCPS.

Please enjoy your commencement, and I wish you all the best in your next phase of life.

Sincerely,

Darryl L. Williams
Superintendent

Raising the bar, Closing gaps, Preparing for our future
Dear Class of 2020,

As I sat down to prepare what I would be saying to you today about the Class of Two Thousand and Twenty, I struggled to find the words. How could I adequately capture the chaos that exits in the world around us? I worried that I wouldn’t be able to find the words to speak to you about how important this class is to me and how much I feel for the things that are happening around us that have impacted our ability to celebrate you. We cannot change what has happened to us. We cannot control that we are currently living in a time of uncertainty and fear, but what we can change is our reaction to the adversity and the challenges that we are facing. Class of 2020, I want to challenge you to use what you have learned during this time to reflect on how you approach the world. I challenge you to maintain your humanity, your generosity, your ability to love and laugh. I challenge you to be compassionate and understanding, to celebrate the little things in life, and to never take life for granted. As you move on today, I challenge you to try to focus on the stories that remind you of the goodness of humanity and the power of connection and relationships. I challenge you to be generous with your yourself, your assumptions, and your love. I challenge you to give back and lend a hand, whenever possible. Dundalk graduates, you have unique gifts and each of you excelled in different areas. Some of you in the classroom, others in the artistic and athletic arenas, and some of you in areas outside of school. One thing is clear, all of you are deserving of something bigger and better than what you have accomplished already at Dundalk High School. I challenge you to use these gifts and skills to take on the world, to become who you want to be, to make the world a better place. I challenge you to remember to laugh and to live life big because both of those gifts are precious and shouldn’t be taken for granted. You are a generation of survivors. A generation that has been taught to persevere and overcome. You are a generation of game changers. A generation that has been taught to take matters into their own hands to change the world. My hope for you is that you take the lessons of humanity and connection and combine that with your perseverance to go out and change the world. Each one of us leaves a mark on this world. Make it a good one. Congratulations class of 2020 it has been such an honor and a privilege to serve as your principal. We are Dundalk Strong, Dundalk Proud! IOWL

Sincerely,

Larissa Santos
Principal

ALMA MATER

Let each fellow join our chorus,
   Echo far and near.
We will ever sing in triumph,
   And we’ll always cheer.
   Chorus:
March on Dundalk, March right onward,
   Till we reach our post.
And a cheer from each good fellow,
   Means we have not lost.
To our own dear Dundalk High School,
   We do dedicate,
All our hearts and hands and voices
   Till we separate.
